Dear Hiring Team/Manager,

RE: Enthusiastic and hard- working Data Scientist/ Analyst

I am willing today to express my interest in your recently posted opening for a new Data Scientist/Analyst. I am looking to apply my skills and abilities to a challenging growth-oriented position with your esteemed organization while continuing to build my academic foundation.

My academic strength has allowed me to develop retention and reporting abilities. I am eager for the opportunity to learn from and support your team by applying my critical thinking communication and decision-making skills.

My focus as an aspiring professional, is to utilize my strengths in process improvement to make a positive impact on the overall organization. I enjoy gathering, organizing and analyzing information. Working in groups and contributing to project strategies. I believe these skills will be beneficial in Data scientist/ Analyst role while further enhancing the excellent reputation of your esteemed organization.

Please review my attached resume for additional details. I look forward to hearing from you to discuss the possibility of joining your team.

I am available for Normal/Rotational shifts, depending on your specific needs. In either case. I am sure that my experience and skills will be a useful resource for your company.

I am willing to relocate the right Job.

Sincerely,

Anand Kashyap
